

THE DUSKY RAVEN QUEST | FIVE STAGES

Where is YOUR starting point?

1. SEEKING ART & INTRIGUE

IS THIS ME?

I lean in for a closer look at Mother Nature's more hair-raising characters.

I love the science behind the art.

I need kindred souls to help sharpen my skills & inspire my ART.

2.

HOP BACK INTO ART

I've picked up an old friend, maybe a pencil or brush, but motivation is difficult and my skills are a bit rusty. Quirky wildlife inspires me but I'm not sure where to start.

REKINDLE MY FIRE!

3. WHAT'S TO CROW ABOUT?

I AM READY to build my confidence and start sharing my work with fascinating artists in this worldwide league. I'm excited to get the inside story from nature and art experts and explore new art styles and techniques.

4. BIRDS OF A FEATHER...

My art practice could use short monthly kickstarts to allow my creativity to bloom and give me an outlet for my wild(life) side. I'm thrilled to find a like-minded community and exchange skills and knowledge.

FLOCK TOGETHER!

5. MENTORS & GURUS

I'm an accomplished artist captivated by the underdogs of our planet. I can add to the positive, supportive vibe and help foster the spirit of Dusky Raven artists. I have SAGE ADVICE and stories to tell. I'm a life-long learner looking to continue my artistic journey.
